# Memo

**To:** District and Club Secretaries  
**From:** Brett Wilkie, CEO  
**Date:** Thursday 11 August 2022  
**Re:** 2022 State 8 A-Side Event – Scoring

**Ref:** 22/010

There has been some confusion regarding the scoring system for the State 8 A-Side Event, which is a new event on the Bowls Queensland calendar in 2022.

I would like to clarify that the State 8 A-Side Event is a sides game like Pennant, which has an overall aggregate scoreboard to determine the winner between the two sides of 8 players. The side scoring the highest number of shots in total across the three rinks at the end of play, shall be the winner.

Bowls Queensland recommends this system be used at Club and District play offs.

At Group and State play offs, the scoring system will be a sides game like pennant which has an overall aggregate scoreboard to determine the winner between the two sides of 8 players.

If any Clubs, Districts or Groups have already played using an alternative format, these results will stand.

As this is a new event on the Bowls Queensland calendar, a review will be done by the BQ Board and Match Committee at the end of the competition, any feedback received will be considered.

Brett Wilkie
